## WILTON WILDLIFE PRESERVE & PARK

The mission of Wilton Wildlife Preserve & Park is to conserve ecological systems and natural settings, while providing opportunities for environmental education and outdoor recreation, working in partnership with the Town of Wilton, Saratoga County, The Nature Conservancy, and the New York State Department of Environmental Conservation.

## CONSERVATION

Wilton Wildlife Preserve & Park works with our partners to support a wide range of conservation efforts in the Saratoga Sandplains. Our partner, NYS DEC takes the lead role in conservation management. This year saw Saratoga County working with the DEC to create new Karner butterfly habitat on County Forestland as part of the airport mitigation project.

We coordinate with our partners to provide support and manpower. We assisted with most of the year's projects with our Environmental Education and Conservation Interns and volunteers.

- Karner blue butterfly monitoring
- Blanding's Turtle Research Project
- Reptile Monitoring
- Habitat preparation work at Fox
- DEC habitat mowing and brush removal
- Pheasant release at Old Gick
- Wild Blue Lupine seed picking
- New Jersey Tea seed picking
- Butterfly Milkweed seed picking and cleaning
- Woodcock Survey
- FrogWatch USA training
- FrogWatch surveys
- Transect marking in Karner habitat
- Earth Day Transect Marking
- Easement Monitoring
- iMap Invasives Training

## ENVIRONMENTAL EDUCATION

Our environmental education program continues to grow as we work with schools and groups from the Town of Wilton, Saratoga County, and beyond. At the end of 2019 we restructured our staffing which will allow us to work with more college interns and to work more closely with schools, camps, after school programs, and other groups from preschoolers through adults.

Group programs are just one part of what we do. For the public, we offer nature walks and talks, pond explorations and craft programs year-round. During the two broods of the Karner blue butterfly, we have guided walks to educate about our best known species! We have an annual Wildlife Festival and bring our exhibits and hands-on activities to many community events and festivals. This year we received funding to bring outdoor painting workshops and musical performances in nature.

We work with so many different community groups it is hard to list them all, but here is list of many of the groups we worked with in 2019: 4H, Academy for Lifelong Learning, BOCES, Boy Scouts, Colonie Youth Center; Franklin Community Center's Project Lift, Gavin Park, Girl Scouts, Hudson Crossing Park, Malta Community Center, Moreau Lake State Park, the Prevention Council, Saratoga Spa State Park, the Saratoga Springs Public Library, Skidmore College Environmental Studies students, and Washington County Important Bird Area.

## OUTDOOR RECREATION

An important part of our mission is to encourage people in our community to get outdoors and experience the beauty and healthful benefits found in nature. We work closely with our partners to help provide year round outdoor recreation by working with them in maintaining existing trails and helping to create new trails and linkages. This year, the Town of Wilton and NYS DEC worked to complete a connector trail along Scout Road. Our volunteer trail stewards are dedicated to helping monitor the trails and assist in their upkeep.

Outdoor recreation means different things to different people but it is all important! New York State acknowledges the importance through many of its plans and initiatives and we are proud to be able to help get people outdoors. We see people using the Preserve & Park to go on a nature walk, go bird watching, get out to photograph nature, for walking outdoors for themselves and for their pets, for going for fitness runs, for mountain biking, snowshoeing, cross country skiing, and more! With all of the parcels of protected land, there are over 25 miles of trails for people to enjoy.

Our commitment to year-round outdoor recreation includes our winter trail grooming program at Camp Saratoga North. We will be better able to accomplish this with Trevor Borden's Eagle Scout Project to build a new grooming equipment shed. It was completed with great assistance from the Town of Wilton

The Saratoga Stryders running club is a valued partner, holding a series of 5k fun runs in the summer and an 8k snowshoe race in the winter.

## 9TH ANNUAL WILTON WILDLIFE FESTIVAL

This annual event is held every year on the Sunday after Memorial Day since that is the time of year when the wild blue lupine in the meadow is in full bloom and the first brood of Karner blue butterflies have emerged. It is the perfect time to see the Preserve & Park at its peak!

We had a wonderful event in 2019 after the previous year's rainy event. Hundreds of people from the community came to Camp Saratoga to enjoy all of the activities, including the Silent Wings program in the Dining Hall. Activities included pond exploration, nature crafts, planting lupine, and going on nature walks into the meadow to look for Karner blue butterflies. The Town of Wilton's historic Cornell Hill Fire Tower was open to the public. As with all of our events, our volunteers made it all possible! Thanks to Ballston Spa National Bank and Southern Adirondack Audubon their sponsorship support.

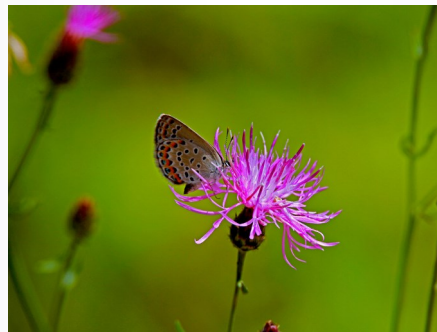

## 8TH ANNUAL PHOTOGRAPHY SHOW

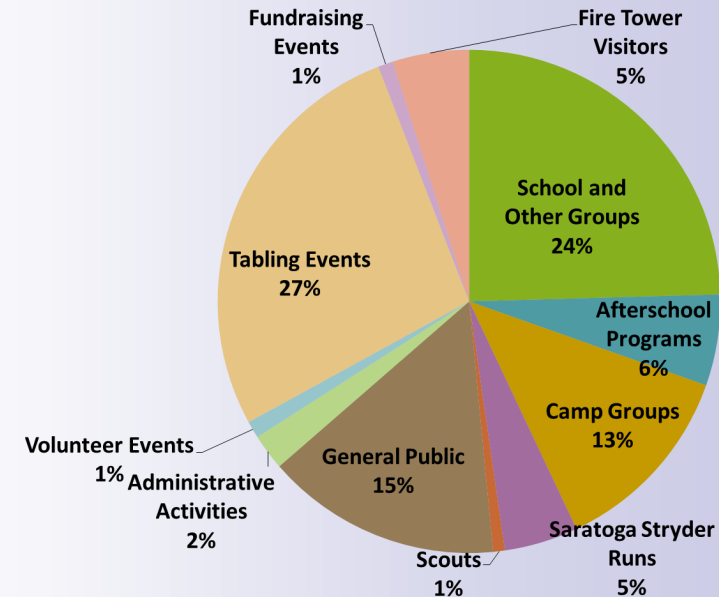

The eighth annual Photography Show debuted at the Annual Meeting in December at the Preserve & Park Office. Winners were:

- Best in Show: Karner on Purple by Ron Harrower
- Judge's Choice: Golden Rod Golden Hour by Amyjean Robbins
- Best in Conservation: Sunbeams and Lupine by Ashley Feiheit
- Best in Recreation: Conservation Past by Bernie Fabry
- Best Under 13: Feather by Bethany Myatt
- Best Karner Blue Butterfly Shot: Above the Lupine by Brian Herkalo
- Best Nature in Autumn: Pond in Fall Splendor by Craig Horneck
- Best in Education: Mets Fan by Howard Lester
- Best Nature in Winter: Prints and Reflections by Michelle O'Hare
- Best Animal Shot: Black Racer Head by Ron Harrower

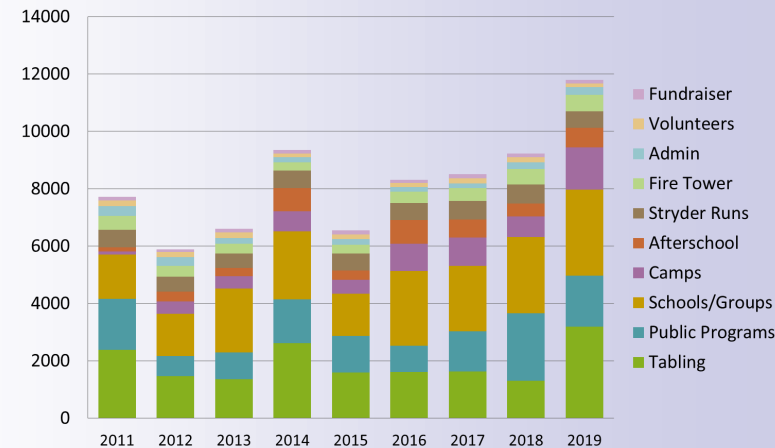

Eric Avery, once again served as judge for the more than fifty entries submitted by seventeen photographers. All photographs were taken at Wilton Wildlife Preserve & Park and highlight the amazing beauty and diversity of the natural world that is right in our own community. Many of the photographs are featured in this Annual Report.

## WILD ABOUT BLUE

Wild about Blue, the major fundraising event for the Wilton Wildlife Preserve & Park took place on Sunday, October 20, 2019 at Prime at the Saratoga National Golf Club with drinks, a bountiful dinner, and a unique silent auction.

Each year at the event, we present the Metamorphosis Award, which honors individuals who have helped create dramatic changes in their communities, just as the Karner blue butterfly and other species go through remarkable transformations in their life cycles.

The Metamorphosis Award this year is honored [Art Johnson](#) for his work for the Wilton community for so many years. Art was the first chair of the committee that was formed by the Town of Wilton to explore the idea of creating Wilton Wildlife Preserve & Park. He has been a tireless supporter of Wilton Wildlife and an advocate for the residents of Wilton, first as a town board member and then as the Town Supervisor. Art has created positive and dramatic changes in our community and we were proud to have him as our honoree this year!

# PLANNING FOR THE LARRY GORDON CAMP SARATOGA VISITOR CENTER

In 2019, we began the planning for an exciting new project to be located at Camp Saratoga. We worked with the Town of Wilton to begin to develop a plan for a year-round Visitor Center that would become the focal point for visitors and users of Camp Saratoga. It is being named after Larry Gordon, who spent most of his life protecting, enhancing, and promoting the conservation of the landscape of Camp Saratoga. The Visitor Center is a collaborative project of the Town of Wilton, Wilton Wildlife Preserve & Park, and the Scouting Museum Committee.

The Vision of the Larry Gordon Camp Saratoga Visitor Center:

- A welcoming building located alongside the trailhead at Camp Saratoga;
- A facility filled with information and exhibits about the natural history, flora, fauna, and environment of the Saratoga Sandplains; the human history of Camp Saratoga; and that encourages people to get outdoors;
- A place where knowledgeable staff and volunteers will enhance the park visitors' experience;
- The new heart of public programming at Camp Saratoga.
